	1927-1928
Hon. Edward R. B. McGee	1928-1929

Inaugural Address

Delivered by the Mayor, Hon. Edward R. B. McGee

To the Honorable City Council:

It is with the highest degree of pleasure that I meet with you here this evening for the purpose of taking our oaths of office. It is also with great pleasure, and a correct sense of obligation, that I say to you that I will endeavor, with your aid, to impartially conduct the affairs and the administration of the laws of our municipality.

I wish to thank the citizens of the city of Berlin for the great honor conferred upon me, and I will look forward to their help to arrive at results.

FINANCES

In looking over the report of the past administration I find that our finances are in first-class shape, and that we can safely and expeditiously go along with the affairs of the city as if no change in your leadership had occurred at this time. Mayor King, the retiring Mayor, has made a wonderful record as our chief executive, and my sincere desire is to emulate his good results. Until we have had a chance to look over our budget and counsel together on our coming year's expenditures, it would be useless for me to make any recommendation on our finances.

DEPARTMENT OF PUBLIC WORKS

For the past few years our city has progressed a great deal along the lines of good sidewalks, good streets, good sewers, and everything that goes to make a city prosperous and happy; and it is my desire at this time that this good work shall continue to the reasonable extent of our resources and finances.

Some of the things that I have thought about and would like to see carried out this year are the completion of our Main Street with Kyrock, from the Berlin Mills branch to the new cement road. I have noted the excellence of the job done on lower Main Street, and am informed that this repair is a good and economical one to use on the rest of our Main Street to make it suitable for the public travel.

Another change that I would like to see brought about is the changing of the highway leading from Gorham to Berlin, so that that part of it lying just below the lower Cross Power crossing will be brought on high ground and away from the river, and the car tracks changed to the present location of the roadway. This would make it a great deal safer for the public travel and furnish us with a much more suitable approach to our city limits.

I would like to see the West Milan road finished this year so that it may be put into use as soon as possible.

A sewer drain should be installed to take care of the surface water coming from Ramsey Hill and that vicinity, the elevation of this section being so high that when the surface water reaches the lower portions of our city it does considerable damage each year. This condition could be readily taken care of.

A great many of our people use the highway leading from the Berlin Mills bridge to the different cemeteries situated on the East Side, and a sidewalk should be installed for their convenience and to lessen the danger to our public from walking in the highways.

FIRE DEPARTMENT

Our new fire station will be completed within a short while on the East Side, and I recommend that it be suitably equipped as soon as possible to give our citizens on the East Side the benefit of this much needed structure.

PUBLIC SCHOOLS

I find that our schools are in excellent condition, and with the addition of the new school on the East Side that will be placed in commission for the next school year we will not be called upon for any extra expenditures to keep them in their present fine condition.

There are a great many other things, probably, that it might be well for me at this time to call to your attention, but I really believe that each and every one of you has the interest of the city as much at heart as your Mayor, and if anything comes up during your term of office you will be as ready to bring them to the attention of this honorable body as I will be to receive them.

CONCLUSION

In conclusion I would like to call to the attention of the citizens of Berlin and to this honorable body that shortly there will be need in this city of an air port. The airplane has come

into its own, and air ports are being built and maintained by municipalities all over the country. Our little neighbor in the North Country—Whitefield—has recently purchased a tract of land for this purpose, and soon will have the only air port in the North Country. Berlin is the metropolitan center of northern New Hampshire and should maintain its position by adopting all legitimate and reasonable means to do so. It may be a thing that we cannot expect to see materialize in the coming year, but I strongly urge upon the civic clubs of the city that they give this their serious consideration and investigation. They may feel sure that they can call upon this honorable body for any help and co-operation that we can give them.

Respectfully submitted,

EDWARD R. B. McGEE, Mayor.

Orders

In the year of our Lord one thousand nine hundred and twenty-eight.

An order to Berlin Water Works.

Ordered, by a vote of the City Council taken May 1, 1928, that the following hydrants be placed:

One near the Smith place on the Milan Road.

Ordinances

In the year of our Lord one thousand nine hundred and twenty-eight.

AN ORDINANCE relating to traffic entering Main and certain other streets within said City of Berlin.

Be it ordained by the City Council of the City of Berlin, as follows:

Section 1. Commencing on the second day of April, in said year of our Lord, one thousand nine hundred and twenty-eight, all teams, automobiles and vehicles of every nature and description driven and operated along, over and upon the following streets, Success, Cambridge, First, Second, Third, Fifth, Sixth, Seventh, Eighth and Ninth Streets, shall be brought to a complete stop before entering Main Street, in said Berlin.

Sec. 2. Commencing on said date all teams, automobiles, and vehicles of every nature and description entering Green Street from Union Street or First Avenue shall also come to a complete stop before entering Green Street, and likewise all vehicles of every kind entering Pleasant Street through Union Street shall come to a complete stop before entering Pleasant Street.

Sec. 3. All vehicles driven, operated and travelling over streets and highways within the limits of said City of Berlin shall keep to the right of all traffic beacons, located on any street, in making turns therein.

Sec. 4. All vehicles of every nature and description, travelling upon any street or highway within limits of said Berlin will stop and proceed in accordance with any traffic signal light which may be located on any of said streets.

Sec. 5. Any violation of the foregoing Ordinance shall be punished by a fine not exceeding ten dollars ($10.00).

Sec. 6. This ordinance shall take effect when passed and promulgated according to law.

Passed February 21, 1928.

Approved,

E. J. KING,
Mayor.

Attest:

H. M. MOFFETT,
City Clerk.

In the year of our Lord one thousand nine hundred and twenty-eight.

AN ORDINANCE relating to gasoline and oil pumps within the City of Berlin.

Be it ordained by the City Council of the City of Berlin, as follows:

Section 1. No person, company or corporation shall hereafter erect or install any gasoline pump on the curb of any sidewalk, or any public street or square.

Sec. 2. No person, company or corporation shall hereafter erect, maintain, control or operate any gasoline or oil pump, or any device by which gasoline or oil may be handled, any part of which pump or device shall swing over, under or upon any sidewalk, street or square in said Berlin.

Sec. 3. All ordinances and parts of ordinances inconsistent with this particular ordinance are hereby repealed.

Sec. 4. Any person violating any of the provisions of this ordinance shall be punished by a fine not exceeding ten dollars ($10.00) for each offense.

Sec. 5. This ordinance shall take effect upon its passage and when promulgated according to law.

Passed May 29th, 1928.

Approved,
EDWARD R. B. McGEE,
Mayor.

Attest:
H. M. MOFFETT,
City Clerk.

In the year of our Lord one thousand nine hundred and twenty-eight.

AN ORDINANCE relating to traffic regulations on Main Street in said Berlin.

Be it ordained by the City Council of the City of Berlin, as follows:

Section 1. Any automobile or vehicle of any kind or description shall not remain more than thirty minutes at a time on the northerly side of Main Street from where said Main Street intersects with Pleasant Street, and continuing up said Main Street to Ninth Street in said Berlin.

Sec. 2. All ordinances or parts of ordinances inconsistent with the above are hereby repealed.

Sec. 3. Any corporation or individual violating the provisions of this ordinance shall be punished by a fine not exceeding ten dollars ($10.00).

Sec. 4. This ordinance shall take effect when passed and promulgated according to law.

Passed May 29th, 1928.

Approved,
EDWARD R. B. McGEE,
Mayor.

Attest:
H. M. MOFFETT,
City Clerk.

Department Reports

Assessors' Report

Berlin, N. H., January 31, 1929.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen: We submit herewith our report for the year ending January 31, 1929, the same being the thirty-second annual report of the City of Berlin.

The inventory of all taxable property shows an increase of $415,056.00 over that of 1927.

The following is the valuation for the year 1928:

Land and buildings	$10,124,235.00
Horses	22,595.00
Cows	11,990.00
Other Neat Stock	130.00
Oxen	250.00
Sheep	40.00
Hogs	200.00
Carriages	4,900.00
Oil tanks and pumps	28,410.00
Stock in trade	3,141,248.00
Mills and machinery	9,374,200.00
Total	$22,708,190.00

We wish to express our appreciation for the courtesy and assistance given us during the year by His Honor, the Mayor, and other members of the City Government.

Respectfully submitted,

ALFRED LAUZIERE,
GILMAN CHAPMAN,
GEO. U. DUVAL,
Assessors.

Report of Library Trustee

To His Honor, the Mayor, and City Council of the City of Berlin:

Our yearly report, together with the Treasurer's Statement and Librarian's Report is herewith submitted:

A creditable increase in the output of books for the year 1928 is noted in the circulation statistics submitted by the librarian. The many new readers patronizing the library show how necessary it is to support this institution substantially so as to meet the increasing demands.

One radical change was made in the library ruling during the past year when the reserve system was abolished. The practice of reserving books had existed for many years but had increased to such an extent that practically every new book was reserved for weeks, and sometimes months, ahead. In this way many of the new books were not put into general circulation until months after their purchase. All new books are now let out to the general public and it is no longer possible to reserve them. Favorable comment on the abolishing of this system vindicates the judgment of the board of trustees in this matter.

More new shelving has been added to the library during the past year, making the shelving uniform, more practical and up-to-date.

The building is much too small to adequately meet the demands of the public and we trust that some action can be taken to make more space available.

Respectfully submitted,

MARGARET PINGREE,
JOHN J. SMITH,
W. W. BURLINGAME,
Library Trustees.

Librarian's Report

To the Board of Trustees of the Berlin Public Library:

The thirty-sixth annual report of the librarian is herewith submitted:

Our yearly statistics show an increase of nearly eleven thousand volumes in the circulation of books over the output of 1927. It is interesting to note that there is as large an increase in the non-fiction output as in the fiction. Books of biography and travel, especially, have been in popular demand, showing the changing trend in the tastes of the reading public.

1397 new books were placed in the library during the past year, many of which were children's books. It is nearly impossible to meet the demand for new books in both departments and so many new readers have registered in the children's department that it will require a constant increase in the book budget to give them sufficient reading matter.

In spite of every precaution library books often receive very rough usage at the hands of our readers and children's books especially, rapidly become so worn and shabby that they must necessarily be discarded and soon replaced.

Of the many new borrowers registered in 1928 several were non-residents. From one of our out-of-town borrowers, Miss Anna P. Hincks, of Randolph, we are indebted for the gift of one hundred fifty books from her private library.

To Miss Hincks and others who have been so generous in their attitude toward the library, and to the Board of Trustees for their unfailing courtesy and help, I wish to extend my thanks.

Respectfully submitted,
AGNES F. MAILMAN,
Librarian.

Parks and Playgrounds

REPORT OF RECREATION DEPARTMENT

Berlin, N. H., January 31, 1929.

The fourth year of recreational work on the playgrounds for children was opened by Miss Maude Monahan of Lancaster, N. H., as general supervisor.

As in previous years, four playgrounds were conducted as follows:

Bartlett, under the supervision of Miss Marion Lemieux.

Brown, under the supervision of Miss Constance Brungot.

Marston, under the supervision of Miss Velma Keenan.

Y. M. C. A., under the supervision of Mr. Clifford Littlefield with the assistance of Mr. Dayton Bartlett.

These teachers who had charge of the playgrounds were all either normal or college graduates with teaching experience. The playgrounds were open from 9 to 11:30 a. m., and from 2 to 4:30 p. m., with the exception of Saturdays and Sundays, during which hours an instructor was always on the grounds.

The playgrounds are each equipped with swings, a shute, sand boxes and utensils, game materials, a merry-go-round and sewing materials.

All children between five and sixteen years were eligible to attend the playgrounds and the recreational work was arranged to benefit all the different ages. The junior members had the use of the equipment, story telling, instructions in the playing of games, dancing and sewing. The older members also had the use of the equipment and were instructed in basketball, volley ball, base ball, track athletics, basketry, sewing, tennis, different kinds of games and dancing.

All boys between the ages of twelve and sixteen were under the supervision of Mr. Clifford Littlefield with the assistance of Mr. Dayton Bartlett at the Y. M. C. A. grounds. These boys were very active in all kinds of athletics, such as base ball, of which they had nine teams, tennis and track events. On Friday afternoons, the younger boys were allowed to play base ball on the Y. M. C. A. grounds.

On Monday and Tuesday of the final week of the play-

ground season, the track meet was held and the boys' tennis tournament was played off at the Y. M. C. A. grounds. On Wednesday, the Dance Festival was held at the High School Auditorium, which consisted of exhibitions of the various dances which had been taught on the playgrounds. The sewing, which the children had accomplished, was also on exhibition at the Auditorium for the inspection of the public and a prize was given for the best work on each playground.

Following the Dance Festival, Silver Cups and Badges were awarded by Mayor McGee to the winners in the different track events and the tennis tournament, which was held on the previous Monday and Tuesday. The program was concluded by a doll carriage parade by the younger girls with decorated doll carriages and prizes were given to the winners.

The Playground Season was closed with a picnic which was held at the Camping Grounds, ice cream being furnished.

The general attendance was much improved over the previous year and it is apparent that the children received innumerable benefits other than the enjoyment alone.

The results, which were accomplished, would have been impossible were it not for the excellent spirit of cooperation which was received from the Recreational Committee, which consisted of Mrs. Edmund Sullivan, Chairman, Mrs. L. L. Cutler, Mrs. Maude Barney, Mrs. Henry C. Hodgdon, Mrs. J. A. Vaillancourt, Mrs. Mark Twitchell, Mrs. L. B. Paine, and Miss Alice M. Chaffey, and also the teachers on each ground.

MAUDE D. MONAHAN,
Supervisor.

MARY KENYON SULLIVAN,
J. FRED BELL,
WM. E. MOUNTAIN.
Park Commissioners.

City Solicitor's Report

Berlin, N. H., Jan. 31, 1929.

To His Honor, the Mayor, and City Council of the City of Berlin:

Herewith I submit my report as Solicitor for the fiscal year ending January 31, 1929.

The case of Mary Treamer vs. City of Berlin, which was an action brought to recover alleged damages caused by an overflow of surface water, has been removed from the Superior Court Docket, this action being taken at the request of the plaintiff.

The equity suit of Maria H. Chamberlin, and other heirs of Ira Mason, late of Berlin, deceased, against the City of Berlin, which was filed in said Superior Court on June 16, 1927, was tried in this City before the Honorable Henri A. Burque, and a very large number of witnesses appeared for both the plaintiff and defendant; about a week was devoted to the trial of the issues involved. On the 24th of April, 1928, Judge Burque made findings and issued a decree in favor of the City and ordered the bill dismissed; from which findings and order the plaintiff excepted, and the case is still on the docket, and the counsel for the plaintiffs announced their intention of taking the case to the Supreme Court. However, negotiations have been going on with a view of having the Mason heirs quitclaim any rights that they may have to the City for a nominal sum, and thus eliminate any more expense on the part of the City in this matter. My understanding is that the Finance Committee looks favorably upon these propositions and undoubtedly a report will be made to the Council within a week or two.

Another action appearing on the Equity Docket of the Superior Court is one instituted by the Hub Cycle and Auto Supply Company and Howard W. Jenkins vs. City of Berlin and A. E. Michaud, tax collector. These proceedings were instituted to set aside a tax sale, but no hearing has ever been held in connection with the case.

On January 9, 1929, the City of Berlin was cited in to defend an action instituted by Joseph A. Beaudoin vs. Peter Beaudoin, involving the validity of the laying out of Cushing Street; the predecessor in title of Peter Beaudoin maintains that the City has never legally laid out the street, that if laid out the City has abandoned the same, and numerous other questions of fact and

law have been raised by the pleadings.

In view of the fact that this case was set down for trial on the 23rd of January, and the further fact that the City was not summoned in until the 9th of January, it was impossible to properly prepare a defense, especially as the street was laid out in 1886 and extensive preparation will be necessary to properly defend. Your Solicitor filed with the Court a motion to continue, which motion was granted on the 21st of January, last, and the case will come up for trial at the April Term of the Superior Court.

All duties incidental to, and connected with the Municipal Court, have been fulfilled. Numerous opinions have been rendered to various officials connected with the City, and all other matters connected with this office have been complied with.

In making this report I beg to take this opportunity to extend my sincere appreciation to the Honorable Mayor, City Council, and other members of the City Government, for their cooperation.

Respectfully submitted,
MATTHEW J. RYAN,
Solicitor.

Overseer of Poor

Berlin, N. H., Jan. 31, 1929.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen: I herewith submit my report as Overseer of the Poor for the year ending January 31, 1929.

This has been a rather expensive year for this department, on account of the many unemployed, also the heads of families having been sent to the House of Correction for violation of the liquor laws.

I have devoted a great deal of time to this office and have done the best that I could in handling the many cases coming to my attention.

I wish to take this opportunity to thank His Honor, the Mayor, and Council and other city officials for the aid given me during the past year.

Respectfully submitted,

J. E. PARENT,

Overseer of the Poor.

Report of Sealer of Weights and Measures

Berlin, N. H., Jan. 31, 1929.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen: I herewith submit my report as Sealer of Weights and Measures for the fiscal year ending January 31, 1929.

Fire Department

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen:—I have the honor of submitting herewith the annual report of the Fire Department of the City of Berlin for the year ending December 31st, 1928.

During the year the Department answered calls for aid from outside districts on seven occasions, Gorham, five, Jefferson, one, and Shelburne, one.

In our own district we answered 229 still alarms, 41 bell alarms, making a total of 277 alarms, 8 alarms found false or unnecessary.

In answering these alarms we travelled 450.9 miles, worked 110 hours and 11 minutes, used 17,820 feet of 2½ fire hose, 41,700 feet of chemical hose, 3,261 feet of ladders, 3,806 gallons of chemical and 2,811 gallons of water with booster pump.

The fire loss for the year was $10,722.59 on buildings and $7,213.97 on contents, making a total of $17,936.56.

A statement in detail of all fires for which damage was claimed follows, with the names of owners and occupants.

In closing I wish to express my thanks to the Mayor, City Council, Fire Committee, and residents of Berlin for the many favors and courtesies shown me in the performance of my duties.

Respectfully submitted,

P. J. THOMAS,

Chief Engineer.

REPORT OF FIRES

Jan. 8. 2½ frame tenement. Owned by I. Provencher. Occupied by various parties. Value of building $10,000.00. Insured for $8,300.00. Damage $144.51. Insurance paid $144.51. Cause of fire, defective wires.

Jan. 22. 2-story tenement. Owned by H. Davis. Occupied by various parties. Value of building $18,000.00. Insured for $14,500.00. Damage $73.65. Insurance paid $73.65. Cause of fire, explosion of still.

Jan. 25. 2-story tenement. Owned by L. Coffey. Occupied by same and others. Value of contents $2,000.00. Damage $6.25. Insurance paid $6.25. Cause of fire unknown.

Jan. 26. 2-story residence. Owned by J. Clouthier. Occupied

by same. Value of building $4.000.00. Insured for $2,500.00. Damage $2,139.24. Insurance paid $2,139.24. Value of contents $1,000.00. Insured for $500.00. Damage $450.00. Insurance paid $450.00. Cause of fire, defective chimney.

Report of Police Commission

Berlin, N. H., January 31, 1929.

To His Excellency, the Governor of the State of New Hampshire, and His Honor, the Mayor, and the City Council of the City of Berlin:

In accordance with the provisions of Chapter 160, Session Laws of 1905, as amended by Chapter 198, of the Session Laws of 1913, we submit our annual report.

The activities of the Police Department for the past year, as shown by the City Marshal's report, have been of the usual character. The officers have been diligent and have co-operated with the other law enforcement officers of the State.

A regular Police Matron was added to the force, and her work has been very satisfactory.

Appropriations

Last year we asked for an appropriation of $45,000.00, and the cost of the Department will be well within that amount. In the coming year our expenses will be greater and we shall ask for the same appropriation.

Police Commissioners

The Police Commissioners are appointed by the Governor, one each year, for a period of three years, with a salary of $350.00 a year to be divided at the discretion of the Commissioners. The term of each member expires as follows:

Dr. Julius Stahl, September 1, 1931.

Napoleon Ramsay, September 1, 1930.

P. W. Churchill, September 1, 1929.

Beats

Beat No. 1—Berlin Mills, from Eighth Street to Ste. Anne's Church.

Beat No. 2—From Ste. Anne's Church to Stahl-Clarke's store.

Beat No. 3—From Stahl-Clarke's store to Grand Trunk Station, and lower Main Street, opposite the I. P. Co., as far as the Grand Trunk crossing.

Beat No. 4—Pleasant Street.

Beat No. 5—East Side, Boston & Maine Railroad Station and Mason Street.

Respectfully submitted,
JULIUS STAHL,
NAPOLEON RAMSAY,
P. W. CHURCHILL,
Police Commissioners.

Police Department

REPORT OF CITY MARSHAL

To the Honorable Board of Police Commissioners:

Gentlemen:—I have the honor to submit for your consideration the Yearly Report of the Police Department, commencing January 1st and ending December 31st, 1928.

I wish to express my appreciation and thanks to the Police

Commission, Mayor and City Council for the hearty cooperation I have received during the past year.

The department deeply appreciates the many courtesies and favors extended during the year.

Respectfully submitted,

ORVILLE STEWART,

City Marshal.

EIGHTEENTH ANNUAL REPORT

OF THE

DEPARTMENT OF HEALTH

OF THE

CITY OF BERLIN, N. H.

From January 1, 1928--December 31, 1928

Department of Health Organization

MEMBERS OF THE BOARD OF HEALTH ORGANIZATION

Mr. James J. Feeney.
Mrs. Bret Mason.
Dr. J. E. Larochelle.

OFFICIAL STAFF

Eli A. Marcoux, B. S., Health Officer.
J. E. Larochelle, M. D., Medical Officer.
H. E. Wilkinson, M. D., Infant Welfare Clinic Physician.
Jeanette Vaillancourt, R. N., Infant Welfare Nurse.
Mrs. Emma B. Bigelow, R. N., N. H. T. A., Tuberculosis Nurse.
Beatrice M. Morgan, Laboratory Assistant and Clerk.
Office and Laboratory: City Hall, Berlin, N. H.
Office Hours: Daily, 9 a. m. to 12 m. 1:30 p. m. to 5 p. m.
Saturdays, 9 a. m. to 12 m.

Report of the Board of Health

Berlin, N. H., Dec. 31, 1928.

To His Honor, the Mayor, and City Council of the City of Berlin:
Gentlemen:

We have the honor to submit to the honorable body the eighteenth annual report of the work accomplished by this department during 1928.

Our city is particularly fortunate in escaping a "flu" epidemic, as well as small pox which has been so feared in Maine.

We wish to call your attention to the extremely low death rate the past year, particularly among babies.

The number of infectious and contagious diseases has been about normal, due to the vigilance of our Health Officer who has been ably assisted when necessary by the medical member of the Board, Dr. Larochelle.

We regret that more parents have not taken advantage of the fact that they may have their children immunized from diphtheria by merely taking them to the clinics. The cooperation of the parents is earnestly desired and is very necessary for satisfactory results.

We feel that the time has come when the services of a Public Health Nurse is an absolute necessity and we recommend the immediate employment of one.

We commend the services of our Health Officer very highly, and recommend his reappointment.

Respectfully submitted,

J. J. FEENEY,
ELISABETH H. MASON,
J. A. LAROCHELLE, M. D.

Report of Health Officer

Berlin, N. H., Dec. 31, 1928.

To the Board of Health of the City of Berlin, N. H.:

I herewith have the honor to submit the eighteenth annual report of the Department of Health, covering the activities for the year ending December 31, 1928.

I wish to thank His Honor, the Mayor, the committee on Public Health, members of the City Council, and members of the Board, for their co-operation during the past year.

VITAL STATISTICS

Vital statistics are the indispensable basis of public health work. Their greatest value lies in their immediate use; they are facts expressed by figures. A record of vital statistics is one of the severest tests of a Department of Health. It is the means by which progress in public health may be traced from year to year. and from one administration to another. It enables us to set a definite goal of attainment; and the degree of approach to that goal may be taken as a measure of the success of the work of the department. This can be accomplished only by a careful study of all phases of the vital statistics of the past, and by the application of lessons drawn from them to future methods of public health work.

POPULATION

Population is the basis of all vital statistics. It is determined by a national census taken every ten years, at the beginning of each decade.

For the intercensul years (the years between two censuses) it is necessary to depend upon estimates. These estimates are only approximately true, but are sufficiently near the truth for many practical uses. Using the United States Census Bureau figures, the population of the City of Berlin, on July 1, 1928, was 19,565.

Table No. 1.—Estimated Mid-Year Population Based on Census Figures for 1910 and 1920

Year	Population	
1910	11,780	Census Figures
1920	16,104	Census Figures

1921	16,536	Estimated July 1st
1922	16,970	Estimated July 1st
1923	17,402	Estimated July 1st
1924	17,835	Estimated July 1st
1925	18,268	Estimated July 1st
1926	18,700	Estimated July 1st
1927	19,132	Estimated July 1st
1928	19,565	Estimated July 1st

BIRTHS, 1928

The registration of births as required by Law, Chapter 285, Public Statutes, state that the attending physician, midwife or other person in charge, who shall attend, assist, or advise at the birth of any child, living or still-born, within the state, shall report to the clerk of the town, within six days thereafter, all the facts required by Paragraph 1, of Section 1. The record of a birth shall state its date and the place of occurrence, full christian and surname (if named), color and sex of child, whether living or still-born, and the full christian and surnames, color, occupation, residence, and birthplace of parents. There were 557 living births reported to the City Clerk, during the year 1928, giving a birth-rate of 28.5.

Table 2.—Number of Living Births and Rate per 1000 Population

Year	No. Births	Rate
1920	537	33.3
1921	593	35.8
1922	535	31.5
1923	541	31.0
1924	556	31.1
1925	515	28.1
1926	533	28.5
1927	572	29.9
1928	557	28.5

STILLBIRTHS, 1928

If a child is born dead, that is, if it is a "still-birth," it is not considered by statisticians as a birth, although the Model Law requires that a still-birth be reported both as a birth, and a death, in order to have the desired facts placed on file. When making up statistical tables, tables of births include only living births, and still-births are placed in a class by themselves. We had only fourteen still-births reported during 1928.

DEATHS, 1928

There were 154 resident deaths, and 23 non-resident deaths during the year. These figures do not include the still-births, (babies born dead).

Table 3.—Number of Deaths and Rates

Year	Deaths	Rate (Res. only)	Rate (Res. & Non-Res.)
1920	184		11.4
1921	181		10.4
1922	156		9.2
1923	167	9.1	9.6
1924	161	9.0	10.2
1925	160	8.7	9.7
1926	168	8.8	9.7
1927	192	10.0	11.5
1928	154	7.9	9.0

Table No. 4 shows the most important causes of death for the year 1928, and the number of persons dying from these diseases:

Organic diseases of the heart	17
Pneumonia	11
Broncho pneumonia	10
Congenital debility, icterus and sclerema	9
Cerebral hemorrhage, apoplexy	9
Causes peculiar to early infancy	8

INFANT MORTALITY

Infant mortality, or the number of infant deaths per thousand births, during the year 1928, was 62.8, a decrease (33.4) from 1927.

Table No. 5 shows causes of death of resident infants under one year, for the year 1928.

Cause	No. of Deaths
Congenital debility, icterus and sclerema	9
Other causes peculiar to early infancy	8
Diarrhea and enteritis	4
Pneumonia	4
Congenital malformation	3
Convulsions of infants	2
Septic intoxication	2
Single meningitis	1
Organic disease of the heart	1
Other general disease	1

Table No. 6 shows the number of living births, deaths under one year, and rate per 1000 births, since 1920.

Year	Births	Deaths (Under 1 year)	Rate (Per 1000 births)
1920	537	65	121.0
1921	593	60	101.1
1922	535	45	84.1
1923	541	52	96.1
1924	556	44	79.1
1925	515	45	87.3
1926	533	35	65.7
1927	572	55	96.2
1928	557	35	62.8

DIVISION OF INFANT WELFARE AND CHILD HYGIENE

Berlin, N. H., Jan. 1, 1929.

Mr. E. A. Marcoux,
Health Officer,
Berlin, New Hampshire.

Dear Mr. Marcoux:

I herewith submit the annual report of the Infant Welfare and Child Hygiene work, covering the activities of the past year.

At this time two clinics are being held each week for infants under one year of age; one in the laboratory of our Department on Thursday afternoon which cares for the babies on the West Side, and the other station is located in the basement of the King School for the benefit of the babies residing on the East Side. There is also a clinic the first Tuesday of each month held at the City Hall for children of one year to six years of age.

The clinic is maintained by the Berlin Child Hygiene Association, in cooperation with the Department of Health. H. E. Wilkinson, M. D., is the infant welfare specialist in attendance.

The purpose of a baby clinic is to prevent illness, therefore, babies should be registered at the clinic at an early age. Proper health supervision of the pre-school child is just as important so as to prevent physical defects.

Babies are undressed, weighed, examined and mothers are given instructions in care and feeding.

Most mothers have attended regularly and have taken advantage of the opportunities offered. I believe the year has been a successful one and that much good has been accomplished.

The enclosed is a statistical report of the work done in Berlin during 1928.

I wish to thank the members of the Berlin Child Hygiene Association for their interest and help in the past year.

ANNUAL REPORT

	Name of Clinics		
	City Hall	East Side	Totals
No. of babies under supervision	108	40	148
No. of babies discharged	10	2	12
No. of deaths of supervised babies	1	1	2
No. of deaths of unsupervised babies	18		
No. of babies in attendance to clinics	782	489	1271
No. of new babies registered	141	55	196
No. of babies examined by physician	596	433	1029

No. of babies transferred to pre-school div.	89	55	144
No. of pre-school under supervision	558		706
No. of new patients	9		
No. dismissed	90		
No. of deaths	1		
No. received from Infant Welfare Division	89	55	144
No. of children found defective	111		
No. of defects corrected	39		
No. of home visits by nurse	1066	1100	2166

Remarks: No. at Pre-School Clinics during year was 171 plus 323 "Baby Day" equals 494.

Respectfully submitted,

JEANNETTE VAILLANCOURT,

Infant Welfare and Child Hygiene Nurse.

COMMUNICABLE DISEASES

Two hundred forty-nine cases of communicable diseases were reported to this department during the past year. Prompt reporting of a case of communicable disease aids materially in the control of these diseases. It is the duty of the private citizen as well as the attending physician to make sure that our department has knowledge of every case of communicable disease.

Table No. 8 shows number and classification of disease as reported monthly by doctors, nurses and parents during the year.

	Jan.	Feb.	Mar.	April	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.	Total
Scarlet Fever	6	17	5	3	5	0	1	3	0	4	23	33	100
Measles	0	0	0	0	0	0	0	0	0	0	3	92	95
Tuberculosis (all forms)	5	3	0	2	2	1	4	1	0	2	1	1	23
Gonorrhea													17
Diphtheria	5	0	1	0	0	0	0	0	0	0	0	1	7
Syphilis													5
Mumps													1
Typhoid													1
Total													249

TUBERCULOSIS

For the purpose of stamping out this disease the New Hampshire Tuberculosis Association was organized and incorporated, this association works in cooperation with the State Board of Health. Mrs. Emma B. Bigelow, Coos County Tuberculosis Nurse, has charge of the tuberculosis work in Berlin. A free clinic, conducted by Dr. Robert Deming of the Glencliff Sanatorium is held in our department once a month.

The following is Mrs. Bigelow's report of the work done in Berlin during 1928. Twenty-three cases of this disease, all forms, were reported.

NEW HAMPSHIRE TUBERCULOSIS ASSOCIATION INC.

Statistical Report of the Work Done in Berlin, N. H., in 1928

Number of clinics held		20
Number of new cases examined		107
(a) Adults	72	
(b) Children	35	
Number of old cases examined		177
(a) Adults	112	
(b) Children	65	
Number of cases under supervision		151
Number of positive cases		107
(a) Adults	91	
(b) Children	16	
Number of suspicious cases		44

(b) Children	25	
Number of cases sent to sanatorium and hospital		7
Number of cases arrested		18
Number of cases improved		113
Number of cases of tuberculosis reported		22
Number of deaths from tuberculosis of supervised patients		2

Year	Patients	Deaths
1924	154	11
1925	154	0
1926	172	4
1927	175	8
1928	151	2

6% decrease in death rate.

Respectfully submitted,

EMMA B. BIGELOW, R. N.

N. H. Tuberculosis Ass'n Nurse.

DIPHTHERIA

Diphtheria showed a considerable decrease from 1927. Only seven cases were reported and five of these occurred during the month of January. For the purpose of stamping out this disease, free Diphtheria Toxin-Antitoxin Clinics were held in January and March. Dr. C. A. Weaver of the State Department of Health was the physician in charge. Protection is obtained by immunization with Diphtheria Toxin-Antitoxin, which is given subcutaneously at weekly intervals in a series of three injections. This mixture stimulates the body cells to produce a supply of antitoxin, thus creating active immunity to diphtheria, which lasts for many years and probably for life. We had 788 children under twelve years of age immunized against this disease during 1928.

SMALLPOX

There were no cases of smallpox reported in this city during the past year. Public health laws of this state require that no child shall attend any public, parochial or private school unless he has been vaccinated or has had smallpox. There were 445 school children vaccinated during 1928 by our medical officer. Children who have been vaccinated through our department may obtain certificates of vaccination at any time.

VENEREAL DISEASES

State laws require that syphilis, gonorrhea and chancroid, designated as venereal diseases, are declared to be contagious, infectious, communicable and dangerous to the public health. Physicians or other persons who make a diagnosis in or treats a case of syphilis, gonorrhea or chancroid, shall report such a case immediately in writing, in a sealed envelope to the local health officer, he in turn shall report to the State Board of Health. Under this same law druggists are forbidden to prescribe for venereal diseases.

LABORATORY WORK

The routine work of the laboratory consists of: The bacteriological and chemical analysis of milk, cream, ice cream and water supplies. The taking of swabs from throats of suspected diphtheria cases and to culture same. The examination of fixed slides for diphtheria and tubercle bacilli, and also smears for gonorrheal infections.

Microscopical Examinations

Disease	Total	Positive	Negative
Diphtheria	37	6	31
Tuberculosis	32	1	31
Gonorrhea	30	8	24
Miscellaneous	4		

Bacteriological examination of water:	
City supply	22
Private sources	7
Samples forwarded to the State Laboratory:	
City supply	32
Private owners (springs and wells)	15
Chemical and bacteriological analysis of Milk and Cream:	
Milk (official)	84
Milk (unofficial)	14
Cream	6

Biologicals and Specimen Outfits Distribution

The following biologicals and various types of specimen outfits were distributed gratis to the medical profession:

20,000 Units Diphtheria Antitoxin	14
10,000 Units Diphtheria Antitoxin	16
5,000 Units Diphtheria Antitoxin	6
1,000 Units Diphtheria Antitoxin	27
10,000 Units Tetanus Antitoxin	1
5,000 Units Tetanus Antitoxin	11
1,500 Units Tetanus Antitoxin	1
1,000 Units Tetanus Antitoxin	8
Typhoid Vaccine (packages)	3
Scarlet Fever Streptococcus Antitoxin (therapeutic)	4
Scarlet Fever Streptococcus Antitoxin (prophylactic)	4
Scarlet Fever Streptococcus Toxin (immunization doses)	50
Smallpox Vaccine Virus	1,284 tubes
Sulpharsphenamine—.45 and .60 grams	78 ampules
Containers for "Wasserman" examination	228
Containers for "sputum" bottles	144
Containers for "gonococcus" smears	84
Containers for "diphtheria swabs"	36

MILK

June 1, 1928, a new law went into effect pertaining to the serving of milk for beverage purposes at hotels, restaurants, soda fountains, roadside stands, etc., to be served in the original con-

tainer as filled at the dairy. The purpose of this law was to insure the patrons a clean as well as unadulterated milk.

The complexity of the problem of furnishing the consumer with a pure milk at all times has increased tremendously through the fact, that whereas formerly milk was consumed within a few miles of its production, it is today in many instances received from dairies many miles from its ultimate source of distribution.

One dealer, Mr. McCready, is pasteurizing all of his milk, and is the only one in the city doing it.

One case came before the court in Jefferson, N. H., for adulteration with water, the man was found guilty and fined. The shipping of his milk to Berlin was stopped.

Milk dealers' licenses issued	118
Milk producers' licenses issued	47

WATER

Our supply of water has been improved somewhat during the past year, by the draining and cleaning of the Ammonoosuc River reservoir and by the installation of a suitable chlorinator at the regulator house.

GENERAL SANITATION

Our usual "Clean-Up and Paint-Up Week" took place during the last week in May under the direction of the Fire Department and they deserve a good deal of credit for the splendid way in which they carried on this campaign.

Our routine inspections of food stores, fruit stores, ice cream plants, candy stores, barber shops, bakeries, restaurants and hotels, are usually made with the State Sanitary Inspector. In general proprietors of these places are careful to observe sanitary regulations. Many complaints are made at times by grieved persons that are not within the province of our department. All complaints are investigated and suggestions made for correction.

RECOMMENDATION

Again we wish to recommend that a "Public Health Nurse" be employed, full or part time, by this department to take care of the schools that are without any supervision.

Respectfully submitted,
E. A. MARCOUX,
Health Officer.

Report of Board of Education

To His Honor, the Mayor, and Members of the City Council:
Gentlemen:

I submit herewith the forty-fourth annual report of the Board of Education. On behalf of the Board I wish to express appreciation of the friendly attitude which you have shown in all your relations with the schools. It is such understanding and co-operation that make it possible for the city schools to better serve the community.

Respectfully submitted,
O. J. COULOMBE,
Chairman Board of Education.

Report of Superintendent

To the Board of Education:

I am submitting herewith material which I recommend be printed as part of the City Report. Most of this is material which has been reported for a number of years and which I believe it is wise to put into a printed report.

In September the new King School opened with an enrollment of approximately 100 pupils. Provision is made there for the first, second, third, fourth and sixth grades. Next year without question it will be necessary to take care of a fifth grade in that building. The building is further used for evening school, for child welfare clinics and as a meeting place for citizens of that community. The evening school enrolls about 50 pupils.

There has been little change in organization of grade buildings during the past year. We still find it necessary to send the older children from the Brown and Bartlett districts to either the Marston School or the Burgess School for their upper grade work. The fourth grade which was held last year in the Brown building has been moved to the Burgess. This means that children from about 10 years of age must travel long distances to school. I hesitate somewhat about recommending additions to the Brown and Bartlett schools while there are vacant places in the Burgess and Marston districts. Within a short time, however, these additions will be necessary.

Last year additional teachers were needed in the Senior High School because of increased enrollment and it was necessary to open an additional shop for Mechanic Arts pupils. The print shop, designed to take care of about 40 pupils, will have to be increased to take care of about 60 pupils. We are making plans to add somewhat to the equipment and have moved the shop into larger quarters. The additional equipment will probably involve an expenditure of $1,000.

During the past five years our course of study has remained practically unchanged. No new lines of activity have been attempted and the increases in budget have taken care only of growth in numbers. The budget of 1927-1928 gave up approximately $10,000 more than we spent the preceding year. The entire additions can be accounted for in additional teaching force,

one in Senior High School and four in King School and in additional cost of operation due to the extra building.

I wish to call to your attention the tabulations and reports that follow. As a matter of economy I am not sending in for publication the complete reports of the departments except in a few cases. I believe reports that are included are all of importance and of general interest to the community.

This year has been an unusually happy one in the schools. The Mayor and Council, the Board of Education, the teachers and principals and patrons of the schools seem all to have combined to assist in the educational program. As the executive officer of the school department I wish to express my gratitude for the helpful and cordial support that has been given.

Respectfully submitted,

CARL M. BAIR,

Superintendent of Schools.

SUMMARY

For School Year from September to June

	1921	1928
Whole number different pupils enrolled	1,538	1,779
Number days schools were in session	177	180.
Average salary high school teachers (men)	$ 2,105	$ 2,150
Average salary high school teachers (women)	1,354	1,565
Average salary junior high school teachers	1,363	1,413
Average salary grade teachers	1,242	1,300
Total current cost high school	47,318.86	82,166.95
Total current cost junior high school	8,983.96	27,423.58
Total current cost grades	59,387.09	67,637.29

Total current cost evening school	5,567.08	1,951.74
Total current cost per pupil, high school	110.55	145.42
Total current cost per pupil, junior high school	55.78	95.22
Total current cost per pupil, grades	62.57	73.04
Total current cost per pupil, all grades	78.83	99.62
Total current cost per pupil, United States		102.05
Average salary grade teachers in Berlin		1,300.00
Average salary grade teachers (cities 10,000-30,000 United States)		1,381.00
Average salary high school teachers in Berlin		1,687.00
Average salary high school teachers (cities 10,000-30,000 United States)		1,806.00

MUSIC

Individuals taking music lessons in school:

Senior High School	156
Senior and Junior High Schools	88
Junior High School Orchestra	25
Grade Violins	18
	287

Regular vocal music instruction is also given to 1,206 pupils in the grades and Junior High School.

Report of School Nurse

To Superintendent Carl M. Bair:

I hereby respectfully submit my report as school nurse.

With the opening of school in September the work was continued along much the same lines as in previous years. The mornings are devoted to medical inspection, physical examinations, dental clinics, special cases, etc. The afternoons are used for home visits or spent in the different school buildings where health topics are discussed, height and weight recorded, individual inspection made and minor cases treated.

The report shows very substantial progress in the general health of the children during the year.

During the recent epidemic of measles, scarlet fever and grippe it was more difficult than usual to attend to the necessary work in the schools and still have sufficient time to devote to the very important work in the homes. A great deal of time is spent in traveling from home to home. In a city the size of Berlin the follow-up work could be done much more properly and efficiently if some means of transportation were available. Not only would a means of conveyance do much to facilitate home visits, it would also insure prompt attention to emergency calls from the various schools.

At the completion of the examinations the following defects were found and reported.

Defects	No.	Receiving Treatment	Defects Corrected
Malnutrition 10%)....	40		
Defective vision.....	36	6	13 (Secured glasses)
Defective hearing....	5	5	
Cardiac disease.....	4	4	
Orthopedic defects..	8	1	1
Defective teeth.....	194	10	98
Enlarged tonsils.....	70		21
Goiter—Enlarged glands	17	3	
Pediculosis	18		18

Total number pupils examined 1,694

Number dental clinics held 35

Number pupils at clinics	66
Number prophylactic	65
Number fillings	66
Number extractions	93
Number treatments	5
Number examinations with no work done	3
Number cases teeth cleaned by nurse	23
Number school and home visits made:	
Home visits	497
School visits	205
Total visits	702

Respectfully submitted,
ALBINA M. CORRIVEAU, R. N.

Research Department

To Superintendent Carl M. Bair:

I herewith submit my fourth annual report of the Research Department.

Diagnostic tests in spelling, arithmetic and silent reading have been given three times during the year to the fourth, fifth and sixth grades. The results have been tabulated and, along with the papers, have been sent to the teachers that they might study them for remedial purposes.

All pupils from outside schools entering the public schools have been tested and placed in their respective grades.

In Senior High School the Freshmen were given the Army Alpha and the results filed with the Headmaster. The Otis Intelligence Test was given by Mr. MacLean. The papers were corrected and results sent to Concord. We are giving Binet test to all the special cases in the grades.

In comparing the results from the diagnostic tests when first given in 1922 up to the present time we find a very satisfactory gain. This has been especially true in the fundamental processes of arithmetic. The teachers now, while still continuing the drill work in fundamentals, are giving more thought and time to the reasoning processes.

The work of this department involved, during the past year, the giving and scoring of approximately 12,000 tests.

Respectfully submitted,
BLANCHE J. CUNNINGHAM.

BROWN SCHOOL—GRADE IV.

Report of Headmaster

To Superintendent Carl M. Bair:

I herewith submit my sixteenth annual report as Headmaster of the Berlin Senior High School.

REGISTRATION

The total registration for the school year ending June, 1928, was 565 pupils, 285 boys and 280 girls. Table I. gives the registration in full. The total enrollment to date for the year 1928-1929 is 582, 282 boys and 300 girls, indicated in full in Table II. Seven pupils who left school last year due to sickness and other causes have returned.

The registration of the class of 1932 for the school year 1928-1929 is as follows: from the public schools 121, repeating the year 3, from St. Patrick School 34, from St. Regis Academy 2, from Angel Guardian School 8, and from outside schools 13, a total of 181 pupils, 81 boys and 100 girls.

108 pupils graduated in June, 1928. Table IV. gives a full report of the activities of the members of this class since graduation. It will be seen from this table that 31 percent entered colleges and training schools as compared with 37 percent for 1927, 30 percent for 1926 and 30 percent for 1925. There are 108 pupils in the Senior Class that will graduate in June, 1929.

Table V. gives a detailed report of the percentage distribution of the Berlin Senior High School students as compared to the last available figures of the Bureau of Education of the percentage distribution of high school students in the United States as to sex and as to year of the course in which they were enrolled. The results show that the system has a holding power for both boys and girls, especially is this true in the case of the boys.

ORGANIZATION

For the school year 1928-1929 the organization of the school program is as follows: The hours are from 8:45 a. m. to 11:45 a. m. and from 1:15 p. m. to 3:30 p. m. The make-up period is from 2:45 p. m. to 3:30 p. m. All the extra-curricula activities are held after 3:30 p. m.

COMMERCIAL WORK

During the past several years there has been a noticeable absence of boys of the right type enrolling for the commercial course, and we wish to state that there are every year in our city most excellent positions open to the right kind of young men who are graduates of our commercial department. Many parents apparently believe that the bookkeeping machine has displaced almost entirely the ordinary method of bookkeeping, but this is an erroneous idea. The bookkeeping machine is a highly specialized piece of machinery, requiring a highly trained expert to operate it, and the cost of this machine is so high that it prevents its use in the majority of offices.

During the past year we were unable to fill at least six most excellent positions in banks and business offices who applied to us for young men, of the right type, who had completed our commercial course. As a result of this shortage of boys enrolling for our commercial course, the Brown Company and banks in our city are frequently obliged to send out of town for male stenographers and bookkeepers. Bookkeeping, followed by a course in higher accountancy, opens a field to young men in which there are unlimited opportunities for advancement and high salaries, and the same holds with regard to the thoroughly-trained male stenographer or private secretary.

BANK

For the past three years the Berlin School Bank has paid the grade school children depositors the following rates of interest: in 1926 4½ percent, 1927 5 percent, 1928 4½ percent. All parents and teachers should encourage their children to open a savings account in our school bank not only to take advantage of the opportunity offered by the bank, but also to form the habit and to learn the value of saving money. By making regular weekly deposits and allowing this money to remain in the bank until graduation, the children would in the most of cases accumulate sufficient funds to help defray their expenses at graduation. Again, if pupils wish to accumulate money for a Christmas fund, the account should be opened in January instead of September so that they would receive interest for six months when the same was withdrawn at Christmas time.

STATEMENT OF THE BERLIN SCHOOL BANK
JANUARY 1, 1929

Cash on hand, Dec. 31, 1928	3.04	
		$20,861.39

NATIONAL SOCIETIES

In order to foster higher scholarship among the athletics in a larger number of high schools in the United States the National Athletic Scholarship Society was organized. The standard of eligibility of this organization, requiring scholarship above the general average of the school for three consecutive semesters, makes it possible for the majority of all the letter men to work for the honor of membership in this society. In the past, all the star athletes and the excellent pupils have always received recognition, but the boys who have worked for places on the athletic teams, at the same time holding up their scholarship, have scarcely been noticed. With this objective the society has organized to date chapters in 998 secondary schools. Thus the boys winning letters in high school athletics and exemplifying the finest ideals of higher scholarship, better citizenship and clean sportsmanship are now honored in the Berlin High School by being elected to membership in the National Athletic Scholarship Society of Secondary Schools. Fifty boys have been elected to this Society

since the Berlin Chapter was obtained in June, 1925. The following list gives members by classes: Class 1925, eleven; Class 1926, eight; Class 1927, eleven; Class 1928, fifteen; Class 1929, three; Class 1930, two.

The Quill and Scroll, the National Honorary Society for High School Journalists, was founded at the University of Iowa by a group of teachers of Journalism who wished to develop a means of recognizing and rewarding high school journalists of superior merit. Before a school can obtain a charter, granting them permission to establish a chapter, copies of their school publication must be submitted to the national officers, who grant this privilege to those schools whose journalistic work is deemed of more than ordinary merit. Berlin High School's charter was granted March 12, 1928. Five members of the Meteor Staff have been elected to membership having met the following requirements: the student must be scholastically in the upper third of his class; he must have done distinctive and outstanding work in some phase of high school journalism; he must be recommended for membership by the faculty adviser with the approval of the headmaster; he must be approved for membership by the national officer designated for that duty. In order to enable this officer to determine a candidate's fitness for membership, a complete record of his high school journalistic work with copies of all material published, is submitted for his inspection.

This year the school has received a charter for a Berlin Chapter of the National Honor Society. This Society will take the place of the Honorary Credit system established in the Berlin High School five years ago. The Constitution of this national organization recognizes four cardinal objectives as fundamental in all educational practice: Scholarship, Character, Leadership, and Service. A student, in order to become eligible for membership in this Society must stand in the first fourth of his class. The emblem of this Society is the keystone and the flaming torch.

GRADUATION

For the first time in the history of the school the Class of 1928 appeared at all the graduation exercises in caps and gowns. The main objective was to lessen the financial burden of the parents of the graduates and also simplify the discussion concerning the kind and type of dress. The plan proved not only unique but gave satisfaction to all concerned.

ASSEMBLIES

The school usually holds three assemblies per week during

the seventh period from 2:45 to 3:30 p. m. as follows: Wednesday for boys, Thursday for girls and Friday the general assembly including the entire school. The assemblies on Wednesday and Thursday are under the direction and supervision of Dean of Girls and the Headmaster and they are explained in detail in another section of this report. The program for the general assemblies for this year have been under the direction of the different teachers appointed to do this kind of work. The general assemblies not only afford an opportunity for a general mass meeting of the entire student body under the direction of the singing director of music but also afford a wonderful opportunity for the Bands, Orchestra and other extra-curricula activities to function in the different programs. By having different teachers responsible for the general assembly programs I find that more students than ever before are given an opportunity to take an active part in the general make up of the different programs. The assemblies in general have been of a high order and show careful thought, training and cooperation on the part of both teachers and students.

ATHLETICS

Students in order to take an active part in athletics must pass a physical examination by the school physician. Students must also obtain a passing grade in all subjects in order to represent the school in any inter-scholastic contest. The record of the athletic teams for the past year has been an excellent one. The basketball team won the championship of the North Country and as a result attended the basketball tournament for secondary schools at New Hampshire University. Later the same team, representing the State of New Hampshire, attended the inter-scholastic contest of all secondary schools in the United States held at Chicago University. The money necessary for these trips was raised by the community under the direction of the president of the Alumni Association. The basketball team for the school year 1927-1928, consisting of ten boys, were all members of the National Athletic Scholarship Society.

MECHANIC ARTS

The moving of the print shop from the Junior High School to larger quarters in the Senior High School and the addition of the new equipment will afford an opportunity to carry out the suggestions of the State Department concerning the course in Mechanic Arts. The boys in this branch of work will be able to

spend an equal amount of time in wood practice, drawing, machine shop practice and printing. Thus, an opportunity will be given to the boys in the latter part of their course to specialize in one of four major Mechanic Arts subjects.

MUSIC

In order to have all regular school work close at 3:30 p. m. and thus give the pupils an opportunity to enter athletics and non-athletic extra-curricula activities, a change was made in the music program as follows: School Orchestra, 8:00 a. m.; Girls' Band, 11:45 a. m.; Second Orchestra,11:45 a. m.; Boys' Band, 12:30 p. m. This year the Girls' Band, the second of its kind in New England, was organized, thus giving the girls an opportunity to study the different kinds of wind instruments not offered by the orchestra. The Seachore Test, physcological test for the measure of musical talent, was given to over one hundred pupils in order to determine the type and kind of instrument suited for each student. The addition of the new musical instruments has made possible the organization of the Girls' Band and will also help to solve the problem of developing extra players of the different wind instruments to fill the vacancies each year caused by graduation.

STANDARD TESTS

This year the following standard tests have been given to all the Freshmen, Class of 1932. Thorndyke-McCall Reading Scale, Carr's English Vocabulary Test, Thorndyke Word Knowledge Test and Charter's Diagnostic Language and Vocabulary Test. These same pupils have also been rated according to standards as to handwriting and spelling. The results of these have been tabulated and expressed graphically. A graph was also made of intelligence quotient for each class, also the achievement quotient was expressed graphically for each class for the first quarter of this school year. The teachers concerned have held special meetings in order to make a study of the results obtained. The object has not only been to obtain the information about individual pupils and thus make a study of the same but mainly to give the teachers training, experience and first hand information in dealing with standard tests. A study has also been made by this particular group of teachers in the newer type of examinations used by all progressive schools. This has taken a lot of outside time on the part of the teachers concerned and the results are commendable and worthy of mention.

ACTIVITIES

Several years ago a decimal point system evaluating the different activities was established by the school in order to avoid the danger of having any one pupil engage in too many activities. The results of our experience with this system in the past led us to limit the students to a choice of active membership in one non-athletic activity. My experience has convinced me that every high school student should not only join but take a real active part in one school activity. Also that membership should have no connection or depend on the scholastic standing and should be open to all interested in the objectives of the organization of which they plan to become a member. The day has come when extra-curricula activities have become a prominent feature of the modern secondary school and must share a part in the program of the school. These activities are somewhat analogous to the problems and duties one comes in contact with in later life. The student's mind is also developed and broadened by the personal contact with such activities and he is trained not only in school spirit but public spirit as well. The work and results obtained by such activities vary from year to year, depending upon the type of teacher in charge. The great problem in dealing with this question is in finding the progressive teacher that has the necessary qualifications and one who is willing to give time and thought to the problem. This year the following organizations are doing active work: the Mechanic Arts Club, Commercial Club, School Paper, Latin Club and the Debating Club. Other clubs will be added to our list and organized as soon as capable teachers can be found to look after them. In the organization of the teachers' program this year the policy has been to give all the teachers some kind of a responsibility outside of their regular class room work. One form of this work has been to have teachers who have not under their direction some club activity, prepare assembly programs. From an organization point of view, this will give an opportunity for the school officials to measure up the capacity and ability of the different teachers and also furnish the necessary training for the teachers that will lead up to taking charge and assuming the responsibility of some organization that will be added to our list at a later date.

NOON LUNCH

All pupils remaining during noon hour are receiving a hot lunch prepared by the different girls under the direction of the Domestic Arts teacher. At present there are approximately fifty

pupils taking advantage of the noon lunch. These pupils during this period are under the direction and supervision of the Dean of Girls. This period gives the Dean of Girls an opportunity to assist the pupils with their school work and also to personally take up with each any problem that might arise.

DEAN OF GIRLS

The general supervision of girls both as individuals and in groups has been under the direction of the Dean of Girls. The teacher in charge of this work has tried with her limited time to serve the individual girls as a friend, confidant and adviser. As a result, many girls have reacted, especially in the upper classes, to go to the Dean and talk over with her their personal troubles, difficulties and ambitions. In dealing with the group, weekly assemblies have been held and different speakers have been engaged to present to them subjects that would tend to arouse interest in the higher forms of education or along specific vocational lines. With this same objective in mind, weekly assemblies have been held for boys under the direction of the Headmaster. In order that each student might think a little more definitely about the purpose of education and also make a survey from their own personal standpoint as to the vocation in which they are not only interested but best fitted to do, a vocational self-analysis blank was studied and filled out by each student. The Dean of Girls reports that from a study of the data obtained from these blanks, a special interest seems centered about the subjects of nursing and normal school training. The results of the study of data obtained from the boys shows that about fifty percent have no definite idea as to what they are going to do after graduation from the secondary school. The aim of the work this year will be to concentrate the time left upon these pupils who have no definite aim and try to arouse an interest on their part in something specific and at least avoid the inferiority complex and thus have each boy and girl feel that they have the power to succeed and to do well in some certain thing that some one else cannot do.

STUDENT REPORTS

The system of notifying the parents of all pupils doing unsatisfactory work previous to the sending out of report cards has improved the general scholastic standing of the student body. This year the teachers have been requested to send out fewer red cards and to spend more time in a detailed study of some of the causes of failure on the part of the students under their

direction. As a result more parents have made personal visits to the office of the Headmaster to investigate cases where their children have been doing unsatisfactory work.

In closing, I wish, in behalf of the teachers and myself, to extend our appreciation for the valuable suggestions and co-operation that have been given by you and the members of the Board of Education which have helped us in the administration and management of the school.

Respectfully submitted,

D. W. MacLEAN,

Headmaster.

Report of Municipal Court

Berlin, N. H., Jan. 31, 1929.

To His Honor, the Mayor, and City Council of the City of Berlin:
Gentlemen:—

I herewith submit my report as Clerk of the Municipal Court for the year ending January 31, 1929.

Amount received from Feb. 1, 1928, to and including Jan. 31, 1929	$ 12,289.19
Amount paid, fines to State and County, etc	2,612.60
Amount paid to Treasurer	$ 9,676.59

Respectfully submitted,
H. M. MOFFETT,
Clerk of Municipal Court.

Report of City Clerk

Berlin, N. H., Jan. 31, 1929.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen:—

I herewith submit my report as City Clerk for the year ending January 31, 1929.

I have collected for the City of Berlin and credited to the appropriate departments the following sums:

Auto licenses	$ 22,944.55
Dog licenses	1,133.00
Transfer account	2,098.60
City Hall	278.02
Tax sales	4,717.66
Public Works	4,868.56
Interest on tax sales	377.16
Cemetery	680.00
Fire Department	261.00
Miscellaneous	6.00
Election expenses	69.00
Sundries	2.25
	$ 37,435.80
Paid City Treasurer	$ 37,435.80

Respectfully submitted,

H. M. MOFFETT,

City Clerk.

Public Works Department

Berlin, N. H., Jan. 31, 1929.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen:—

I submit to you the report of the Department of Public Works for the year ending January 31, 1929. The work done by the Department this year has been of a permanent nature, very little money has been expended for temporary or cheap construction. The policy of the Department has been to organize the work in such a manner as to provide as much work as possible for the unemployed citizens of the city, as is consistent with the general plan of economy.

I am submitting below the general maintenance sheet of the department, this sheet shows expenditures only:

	1928	1927
Street maintenance	$ 31,960.63	$ 29,163.43
Sewer maintenance	2,017.35	3,254.39
Road maintenance	681.07	2,149.03
Stable	4,324.06	4,267.12
Tools and equipment	2,662.96	2,435.96
Incinerator	3,359.74	3,123.92
Garbage	9,281.68	9,735.20
Skating rinks	457.75	596.16
Ashes	3,582.24	3,228.66
Cates Hill	2,717.73	2,393.16
Garage	5,643.08	5,011.70
Patching	3,149.04	2,191.47
Cemetery	1,171.81	1,431.77
Success Road	438.55	145.60
State Road maintenance	3,809.72	2,940.57
	$ 75,257.41	$ 72,077.14

NEW EQUIPMENT—The City has purchased the following equipment:

One Wehr grader.

One Fordson tractor with full crawlers.

One gasoline driven road roller.

Two three-ton Federal trucks.

One concrete pavement breaker.

GARAGE—An addition has been built to our garage on Jericho Road, this will give us additional storage space for five trucks. The cost of this addition was $1,225.00.

NEW POLICE STATION—The Cole School was remodelled by this department during last winter and spring, the lot was graded and walls and walks built. The cost of this job was $9,640.07.

FIRE STATION—A concrete floor was built at the Central Fire Station by this department at a cost of $708.07.

KING SCHOOL—The King School lot was graded and concrete walks and wall were built at a cost of $1,024.50.

WEST MILAN ROAD—The road leading to West Milan was completed this year at a cost of $15,343.00. This work was done by the City, one-half of the cost being paid by the State. This job furnished employment for about sixty men for a period of two months.

CORBIN STREET—This is the first year that any permanent work has been attempted at the Cascade. Corbin Street was graded, a surface drain built, the street paved and a concrete sidewalk built on each side of the street. The cost of this job was $3,891.02.

MECHANIC STREET—This street has been regraded, the hill cut down about four feet and depressions filled, a surface drain built, the street paved and a sidewalk built on each side of the street. About all of the excavation was solid ledge and was done in the winter and early spring. The cost of this job was $6,989.95.

WILLARD STREET—The upper end of Willard Street was regraded, paved and a concrete sidewalk built on each side of the street. The cost of this job was $3,840.77.

PINE STREET—This street was regraded, paved and a sidewalk built on the easterly side. The cost of this job was $2,660.80.

DENMARK STREET—This was one of the most needed and largest jobs we did this year. A concrete sidewalk and wall built from Seventh Street to a point three hundred feet above Eighth Street. The street was graded and surface drains installed. This job although expensive will be a great benefit to the residents in that section as the damage caused by water in the past has been eliminated. The cost of this job was $7,973.32.

SPRING STREET SURFACE DRAIN—This job has been completed this year by the laying of 564 feet of twenty-four-inch

concrete pipe on School Street, Success Street and across Main Street. This will relieve the Cambridge Street drain and take care of all the water on Guilmette Street, Elm Street, Spruce Street, and Hillside Avenue.

GRAFTON STREET—This street was regraded and paved and a sidewalk built on the south side, the cost of this job was $2,803.23.

BURGESS STREET—A part of this street was paved and a sidewalk and wall built on the upper end at a total cost of $5,150.93.

SANITARY SEWERS—The most important sanitary sewer jobs this year were on First Avenue and Forbush Park and Glen Avenue. The First Avenue job consisted of about twenty-four hundred feet of pipe ranging in size from six to ten inch, this installation will accommodate about thirty families. The Forbush Park job consisted of about twelve hundred feet of pipe ranging in size from eight-inch to twelve-inch. This project will accommodate about fifteen families. The Glen Avenue job consisted of eleven hundred feet of six, ten and twelve-inch pipe. This project accommodates about ten families.

These jobs complete the trunk line sewer system of the city.

BOSTON & MAINE SEWER—An eighteen-inch surface drain was laid from the end of Merrimac Street to the river under the tracks of the Boston & Maine Railroad. This drain will relieve flood conditions on Goebel Street. The cost of this job was $2,785.87.

WATER BOUND MACADAM—The following streets were paved with water bound macadam: Wight Street, Mechanic Street, Second Ave., Hamlin Street, Corbin Street, Church Street, Pine Street, Jasper Street, Willard Street, Fourth Street, Seventh Street, Burgess Street, Grafton Street, and Goebel Street.

CONCRETE SIDEWALKS—Concrete sidewalks were built on the following streets: First Ave., Mechanic Street, Second Ave., Hamlin Street, Corbin Street, Willard Street, Park Street, Pine Street, Portland Street, Hillside Ave., Mason Street, Denmark Street, Norway Street, Sweden Street, Seventh Street, Grafton Street, Burgess Street, Goebel Street, Hillsboro Street, and Devens Street.

CONCRETE SEWER PIPE—We made about four thousand feet of eighteen and twenty-four-inch reinforced pipe. This was laid on the following streets: Corbin Street, School Street, Denmark Street, Success Street, Burgess Street, Champlain Street, Lancaster Street, Second Ave., First Ave., Norway Street, Riverside Drive, and in the Boston and Maine Yard.

GORHAM ROAD—We are now making a survey and plan for the elimination of the two grade crossings on the Gorham Road, near the Cross Power. It is the intention of the Mayor and Council to start this work at once so as to relieve the unemployment situation in the city.

The above are only a part of the jobs done this year. The office and books of the Department are always open to those wishing information not given in this report.

The Mayor and Committee in recommending the work for the last year, investigated all conditions thoroughly before ordering any work done, then did recommend the jobs that would serve the public to the best advantage.

The work of the Mayor and Committee on Public Works has been exceptionally strenuous this year on account of the number of investigations required by the numerous petitions, letters and complaints.

In closing I wish to express my thanks to the Mayor, the members of the City Council, the Committee on Public Works and the residents of the City for their hearty cooperation and assistance during the past year.

PUBLIC WORKS INVENTORY

One gasoline driven roller	$ 5,625.00
One steam roller (with scarifier)	3,000.00
One concrete mixer and boiler	450.00
One stone crusher, engine and boiler	400.00
One stone crusher, with bins complete	1,800.00
Ten sidewalk plows	350.00
One gutter plow	25.00
One Sullivan air compressor	1,200.00
One electric drilling outfit complete	1,200.00
One street sprinkler	100.00
One horse street sweeper	100.00
Seven sanitary street carts	50.00
Storehouse buildings	5,000.00
Two garbage sleds	50.00
One thawing machine	60.00
Two road drags	50.00
Garbage equipment	200.00
One blacksmith outfit	900.00
One hand pump	45.00

One gas pump	100.00
Four bottom dump wagons	400.00
One four-horse wagon	150.00
Two four-wheel dump carts	150.00
Two contractor's carts and harnesses	100.00
One 20 h. p. motor	175.00
One 30 h. p. motor	250.00
One 20 h. p. starter	85.00
Office equipment	1,500.00
Five express sleds	125.00
One double sled	50.00
Two sets double trailer sleds	200.00
Five snow bodies	100.00
Miscellaneous small tools and materials	1,500.00
Sewer pipe	400.00
One Mack truck, 1½ ton	3,000.00
One Mack truck, 3½ ton	1,500.00
One Commerce truck, 2 ton	1,000.00
One Buick coupe	600.00
One pick-up street sprinkler and sweeper	5,800.00
One asphalt distributor	1,500.00
One G. M. C. truck, 2½ ton	2,500.00
One Federal truck	1,000.00
Two Federal trucks, 3 tons	8,400.00
One tractor, 10 ton, Best and plow	7,000.00
One tractor, Fordson and plow	1,200.00
One Fordson tractor and crawlers	1,279.00
One Wehr grader	705.00
One Conant loader	1,000.00
Seven horses	1,200.00
One Champion snow plow	300.00
Three pairs work harness	210.00
Four express harness	125.00
Blankets, halters and stable equipment	100.00
Two jackhammers and drills	250.00
One pavement breaker	200.00
50 yards crushed rock, peastone and dust	150.00
1,000 yards rock ready for crusher	1,000.00
Five cords blasting wood	45.00
Two tarvia tanks, foundation and piping for same	2,406.00
Auto crusher and steam oil	30.00
Hay and grain	60.00
Three tar heating kettles	400.00

Galvanized pipe	50.00
Two concrete mixers	600.00
Two blasting batteries	70.00
300 feet second-hand hose	75.00
Total	$ 69,645.00

Respectfully submitted,
FRANCIS L. BRANNEN,
Superintendent of Public Works.

Report of City Engineer

Berlin, N. H., Jan. 31, 1929.

To His Honor, the Mayor, and City Council of the City of Berlin:
Gentlemen:—

I respectfully submit herewith the report of the Engineering Department for the year ending January 31, 1929. The following will be an outline of the work carried on by this department, as a more complete list of work done is shown in the report of the Commissioner of Public Works.

The routine work of the department has been carried on as usual, locations have been given for sewers, manholes and catch basins. Cemetery lots have been staked out, lines and grades have been given to those building new houses, house numbers, pole and hydrant locations have been given. These records are on file at City Hall.

Surveys, plans and estimates of cost were made for all contemplated work for the Department of Public Works, a description of the more important jobs is shown in the report of that department.

Surveys and plans were made for the extension of new streets accepted by the City and have been placed in the highway records. Plans have been made for the widening of Pleasant Street and the extension of Summer Street and Beaudoin Street.

Survey and plans have been made for the extension of York Street to Blanchard Street and of Mason Street to Madison Avenue.

We have also made a survey and plan for the extension of Pleasant Street to the top of Glen Avenue Hill.

We are now working on survey and plan for the elimination of the two grade crossings near the Cross Power.

Many plans have been added to our files during the past year, these plans are always available to the public.

Plans and surveys have been made for several of the city's court cases during the past year.

In closing I wish to thank the Mayor and Council, City Officials and residents of the City of Berlin for their hearty co-operation during the past year.

Respectfully submitted,

FRANCIS L. BRANNEN,
City Engineer.

Report of Building Inspector

Berlin, N. H., Jan. 31, 1929.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen:—

I herewith submit my report as Building Inspector for the year ending at this date.

I have investigated and reported on the applications for permits which have been granted by the City Council as follows:

NEW BUILDINGS

Inside the Fire District

Henry A. St. Laurent	Pleasant Street
Jos. Gendron	York Street
Simon Stahl & Sons	Exchange Street
Chas. J. Emprey	Main Street
Marguerite Evans	Oak Street
Israel Provencher	Mason Street
Margaret H. Evans	Oak Street
Jos. E. Gendron	York Street
John B. Gilbert	Green Street

The total cost of buildings erected on permits issued aforesaid was $6,975.00.

ADDITIONS AND REPAIRS

Inside the Fire District

Philippe Beaudoin	Main Street
Berlin Savings Bank & Trust Co.	Main Street
Adolphe Brault	Mechanic Street
James D. Croteau	York Street

The total amount expended for additions and repairs was $47,329.00.

The total cost of all new building additions and repairs in the City of Berlin, for the year ending January 31st, was $417,127.00.

This does not include the new additions and repairs done by the corporations, that is, the Brown Company and the International Paper Co.

I wish to thank the Mayor and Council and members of the City Government for the aid and courtesies extended to me during the year of my official duties.

Respectfully submitted,

IRENEE E. ST. PIERRE,

Building Inspector.

Child Hygiene Association

Berlin, N. H., Feb. 4, 1929.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen:

The Child Hygiene Association of Berlin wishes to acknowledge their gratitude to your Honorable Body for the appropriation of $300.00 which you made towards its work of 1928-29, and to ask your cooperation by granting a like sum for the work of the clinics for 1929-30.

Enclosed is a statement of the year's work and expenditures for your information. The plan of work is the same this year as last, and the cost of maintenance should be about the same.

We trust that the far-reaching results of the Baby Clinics appeal to your judgment as being so well worth while that you will again grant the appropriation.

Respectfully submitted,
ESTHER A. UHLSCHOEFFER,
President.
ETHEL M. GOEBEL, Secretary.

Balance due City, Feb. 1, 1929, for year 1927		$ 492.69
Percentage of uncollected taxes as compared with amount committed, 3/5 of 1 per cent.		
Taxes—1926.		
Balance due City Feb. 1, 1928, for year 1926		$ 698.45
Amount collected	$ 466.65	
Amount abated	51.10	
	$ 517.75	$ 517.75
Interest collected	$ 25.83	
Poll taxes not committed	2.00	
	$ 27.83	$ 27.83
Amount paid to Treasurer		$ 545.58
Balance due on Stock in Trade, Feb. 1, 1929		$ 56.70
Balance due on Poll Taxes, Feb. 1, 1929		124.00
Balance due City, Feb. 1, 1929, for year 1926		$ 180.70
Percentage of uncollected taxes as compared with amount committed, ¼ of 1 per cent.		
Taxes—1923.		
Balance due City, Feb. 1, 1928, for year 1923		$ 8,875.41
Amount collected	$ 175.00	
Amount abated	4,379.00	
Amount paid to Treasurer	$ 4,554.00	$ 4,554.00
Balance due City, Feb. 1, 1929, for year 1923		$ 4,321.41
Taxes—1922.		
Balance due City, Feb. 1, 1928, for year 1922		$ 6,912.86
Amount collected	$ 83.00	
Amount abated	4,323.50	
Amount paid to Treasurer	$ 4,406.50	$ 4,406.50
Balance due City, Feb. 1, 1929, for year 1922		$ 2,506.36
Taxes—1921.		
Balance due City, Feb. 1, 1928, for year 1921		$ 5,053.42
Amount collected	$ 35.00	

Amount abated	3,517.40	
Amount paid to Treasurer	$ 3,552.40	$ 3,552.40
Balance due City, Feb. 1, 1929, for year 1921		$ 1,501.02
Taxes—1920.		
Balance due City, Feb. 1, 1928, for year 1920		$ 222.25
Amount abated	$ 118.25	
Amount paid to Treasurer		$ 118.25
Balance due City, Feb. 1, 1929, for year 1920		$ 104.00

I wish to state that stock in trade taxes, reported as uncollected, are mostly balances of accounts, and that the different parties owing these balances of taxes are paying by installments, that is, they give an account every week, every two weeks or every month. Out of all these uncollected taxes there are but two small accounts that can be considered as doubtful.

The outstanding Poll Taxes for the years 1926 and 1927, to the best of my knowledge, will never be collected unless we use extreme and drastic measures, which in some cases would not be very profitable to the City.

This report will show but very little work accomplished towards the collection of the uncollected taxes of George U. Duval and Alphonse E. Michaud, but owing to the fact that I was empowered rather late last fall and at a time when I was very busy on the current year's taxes, I could devote but very little time to the matter.

I would, at this time, recommend a change in the salary of the Tax Collector. I mean, by this, that the Collector, instead of being paid on a fixed salary, should be paid on a commission basis. Said commission should be arranged as to give the Collector the same or about the same salary that he receives now, and by such a change the City would pay proportionately to the amount collected. If, in the future, for some reason or other, the Collector should be neglectful in the accomplishment of his duties, he would be paid only for the work he had done.

Respectfully submitted,

JOHN A. LABRIE,

Tax Collector.

Report of City Treasurer

Berlin, N. H., Jan. 31, 1929.

To His Honor, the Mayor, and City Council of the City of Berlin:

I have the honor to submit the annual report of the treasurer of the City of Berlin for the fiscal year ending January 31, 1929, as follows:

Financial Reports

Municipal Regulations

FOR THE PAYMENT OF ALL BILLS AGAINST THE CITY

All bills against the city must be approved by the person authorizing the charges, unless this is done no action can be taken upon the bill by the Committee on Accounts and Claims, and no order will be given for its payment. When bills are certified as to above, and left with the City Clerk not later than 12 m., on the Saturday preceding the first Tuesday of each month, they will be audited by the Committee on Accounts and Claims and if approved by them and allowed by the Council, will be ready for payment on the following Thursday at the office of the City Treasurer.

Meetings of the Committee on Accounts and Claims are held on Monday of each week, and the regular meetings of the City Council are held the first Tuesday of each month at 8 o'clock p. m.

Ernest E. Tankard, Assistant Superintendent.
A. L. Sylvestre, Cashier

Commissioners' Report

Berlin, N. H., Dec. 31, 1928.

To His Honor, the Mayor, and City Council of the City of Berlin:
Gentlemen:—

It is our great pleasure to address and report to your Honorable Body, that the much heralded and looked for linking of an additional source of water supply, that of the Ammonoosuc to our system, was accomplished during the past year, water being turned into the city mains in January, 1928.

The quality of the water from this new source is about average at present, and will improve as time goes on, this owing to the fact that any impounding of water causes impurities to appear from contact of the water with vegetable matter. Usually this effect is felt for three years and gradually disappears thereafter.

With our water system now up to specification, laid down by New Hampshire Board of Fire Underwriters, we would respectfully recommend that your Honorable Body, through its proper committee, bring this matter to the attention of the proper authorities, and by so doing, save unto our citizens considerable money paid in fire insurance premiums.

Our distributing mains have been extended to a few remote neighborhoods and in the case of the Milan Road extensions, has already shown its effects in building of this part of our city.

We would respectfully call your attention to our Auditor's report, also to that of our Superintendent's for more detail as to the activities of this department.

Wishing to thank your Honorable Body for your hearty cooperation in our work.

Respectfully submitted,
GEORGE F. LOVETT, Chairman,
JOHN J. O'CONNELL, Clerk,
OTTO J. A. DAHL,
HENRY G. GOSSELIN,
EDWARD R. B. McGEE, Mayor.
Berlin, N. H., December 31, 1928.

Report of Superintendent

To the Honorable Board of Water Commissioners:

Gentlemen:

I have the honor to present herewith the fourth annual report of the activities of the Water Department for the year 1928.

The past season has been a very active one, the department having laid more than 22,000 feet of new mains.

The First Avenue work which started the latter part of 1927 has been completed and furnishes water and fire protection for about twenty-five families.

The Burgess Street extension which consisted of the laying of some 2000 feet of new mains has been completed, supplying domestic service and fire protection for about sixty families.

Shortage of water and fire hazard at Maynesboro Farm of the Brown Company, made it necessary to extend the main line, on upper Main Street, up along the Milan Road to the Gibbons residence where it then crossed under the Androscoggin River and continued to the Brown Company Farms, a distance of about two and one-half miles. This line, we hope, will greatly stimulate building in this part of our City, and it is logical to expect a continued growth in this direction for a long time.

Domestic service and fire protection has also been supplied to the Watson village settlement; a job which consisted of about 1700 feet of new mains, two hydrants and service for about ten families.

One hundred and sixty-six new services have been installed this year and carried to the property owner's lines at the expense of the department. Forty-five hundred feet of service pipe were used in the installation of the services; ninety-five percent of three-quarter-inch pipe and the balance of one-inch pipe.

Thirty-eight old services were relaid from the street to the property line at the Water Department's expense.

Twenty-four meters have been installed on the new services and fifty-six changed during the year, making the total number of services metered four hundred and forty-seven, amounting to eighteen percent.

The work of repairing the Keene reservoir, located on the Horne Brook, caused by the flood of November, 1927, has been

completed. The original dam was of concrete and was built in 1920. During the flood of 1924 the south wing of this dam was undermined and we had the misfortune of losing a part of one of the wings. This damage was immediately repaired. In 1927 the same wing was again so badly damaged by the November flood that it was decided, after careful investigation, to replace it with a timber crib dam. This has been done at a cost of nineteen thousand dollars. This improvement will greatly reduce the danger of loss from future floods. This unforseen expenditure greatly hampered the Department, making it necessary to abandon temporarily some other contemplated extensions.

Five thousand dollars was spent during the summer and fall in cleaning the basin of our new Godfrey Reservoir located on the Ammonoosuc River. The work consisted of removing mud, old stumps, etc., from the bottom of the reservoir. About 8,500 cubic yards of this matter was taken from the basin, leaving a bottom of fine rocks and sand. This work has materially improved the quality of the water. As an additional safeguard to the supply, a chlorinator has been installed on the transmission line and a slight treatment of chlorine given the water. To maintain a good wholesome quality it will be necessary to not only clean the rest of the reservoir of all vegetable matter, etc., but also the shores for a distance above the reservoir and I would recommend that $2,500 dollars per year for the next few years be provided for completing this work.

With the new supply of water turned into the City mains, which guarantees the City an abundance of water for many years to come, we can now look to the needs of the public and consider ways and means to reduce operating costs. By that I mean the eventual elimination of booster pumps, of which we have two, one on each side of the Androscoggin River. Water is taken from the gravity system and pumped into storage tanks at an elevation higher than the low pressure system can supply.

A survey and estimates are now being prepared by the Department whereby the booster pump which supplies the so-called Ramsey Hill section of the City can be eliminated.

The line will start from a tap on the present Ammonoosuc transmission line above the low pressure regulator and extend along the Jericho road, cross under Dead River and through the City to connect with the booster pump line at the corner of Hillside Avenue and Cedar Streets. This proposition we estimate to cost in the vicinity of thirty-two thousand dollars. When complated the line will quarante this section of the City an adequate

and positive supply for fire protection and domestic service.

Work on the upper Church Street job has started which means sewer and water for about ten families. This work was recommended by the Board of Health and will be completed in the early spring.

The Engineering Department is working at present upon a complete new set of City Plans which will show the location of mains, stop-gates, hydrants and houses. These we hope to have completed before the summer months arrive.

In conclusion, I wish to express my appreciation to His Honor, the Mayor, and Board of Water Commissioners for the hearty cooperation given me in performing my duties during the year.

Respectfully submitted,
WALLACE GRAVES,
Superintendent.

SUMMARY OF STATISTICS

For the Year Ending December 31, 1928

BERLIN WATER WORKS

Coos County, N. H.

General Statistics

Population as of July 1, 1928—19,700.

Date of construction—Main construction, 1892.

Source of supply—Bean and Horne Brooks, Ammonoosuc River.

Mode of supply—Gravity, two emergency pumps located in industrial plants.

Statistics Relating to Distribution System

1 Kind of pipe—Cast iron, steel, wrought iron, copper and wooden stave.
2 Sizes—2 to 6 inch.
3 Extended during year—22,458 feet.
4 Total now in use—35.5 miles.
5 Length of pipe less than 4-inch—14.3 miles.
6 Number of hydrants during the year—12.
7 Number of public hydrants—151.
8 Number of private hydrants—77.
9 Number of stop gates added during the year—30.
10 Number of stop gates now in use—393.
11 Number of stop gates smaller than 4-inch—192.
12 Range of pressure on mains—30 to 150 pounds.

STATISTICS RELATING TO SERVICES, METERS, ETC.

Services

1 Kind of pipe—Cast iron, wrought iron, steel, brass and copper.
2 Sizes—¾ to 6-inch.
3 Added for the year—166.
4 Total services now in use—2,526.

WATER WORKS

Meters

5 Number of meters added for 1928—24.

6 Number of meters now in use—447.
7 Percentage of services metered—18.

Pumping Statistics

Emergency pump at Brown Company Filter Plant.

Manufactured by D'Olier Centrifugal Pump & Machine Co.

Description—2-stage, centrifugal. Capacity—2,160,000 gallons per 24 hours.

Booster Pumps

1. Location—Corner Guilmette and Spring Streets.

Manufactured by De Laval Steam Turbine Company.

Description—Two single stage centrifugal pumps in series. Pumps from the distribution system into a 40,000 gallon storage tank on the heights.

2. Location—Near junction of Forbush Avenue and Kent Streets.

Manufactured by the De Laval Steam Turbine Company.

Description—Single stage centrifugal. Direct connected to the distribution mains. Pumps into a 20,000 gallon storage tank.

Emergency Purification Equipment

Two Wallace and Tierman Chlorinators.

One located at Burgess Filter Plant.

One located at regulator house, Ammonoosuc.

WATER RATES

Flat Rates

For first family	$11.00

TOOLS AND EQUIPMENT

One Sullivan air compressor.
One No. 4 3½ h. p. double diaphram gasoline pump.
Two No. 3 Edison diaphram pumps.
One Electric thawing outfit.
One tool box on wheels.
One force pump.
One blasting battery.
One transit and rod.
One pipe locator.
Three service box locators.
Two aquaphones.
One Hauck hydrant thawing outfit.
One gasoline pump and tank, capacity 225 gallons.
One Roe fall.
One asbestos lead runner.
Two vises.
One grindstone.
One lead pot and ladle.
Two three-wheel pipe cutters.
Two vises
Four die stocks and dies.
One set scales.
One Mueller tapping machine.
Two hand saws.
One Hall pipe cutter.
Three wheelbarrows.
Two Jack-hammers.
One spader.
Four sledge hammers.
Two striking hammers.
One fire pot wind shield.
Ten lanterns.
Twenty air hammer drills, one to five feet.
Two blasting chains.
One logging chain.
Four cant dogs.
Twelve hand drills.

Four crow bars.
Twenty-five picks.
Seventeen shovels.
Two bush scythes.
One pair snowshoes.
Two hack saw frames.
Six diamond points.
Two cast iron pipe chisels.
Three two-foot pipe wrenches.
One eighteen-inch pipe wrench.
Two fourteen-inch pipe wrenches.
One two-foot monkey wrench.
One hundred pounds steel.
One set chain tongs.
One W. S. Darley steam boiler.
One Engesser & Schuster thawing machine.
One hydrant pump.
A. P. Smith tapping machine.

Auditor's Report

Berlin, N. H., Jan. 14, 1929.

Board of Water Commissioners, Berlin, N. H.

Gentlemen:—

I beg to submit herewith, the annual report of the Berlin Water Works, as a result of an examination of its books and records for the year ended December 31, 1928.

The balance sheet at the beginning of the period under review was examined and proven with the books. All cash received for this period was traced to the bank and duly accounted for, as well as the examination of all cancelled checks and supporting vouchers to verify all disbursements for the same period. The petty cash was personally counted January 10th, starting date of audit, and a reconciliation made with the bank as of that date, to prove cash in bank which was found correct.

The cash book, trial balance and all books of original entries were footed and a detail verification made of postings, all of which were found correct. The duly authorized abatements were examined and accounted for.

The amount of the outstanding accounts receivable, unpaid, as shown in General Ledger Controls and indicated in trial balance, December 31, 1928, was traced back to the customers' card ledgers supporting same and found to be correct.

As you will note, the operating expenses have been increased this year, in the item of Repairs to Keene Dam, caused by the flood damage of 1927.

The accounting procedure is well founded and well conducted. The attached exhibits reflect the financial status of the Berlin Water Works as of December 31, 1928.

Exhibit A—Balance Sheet.

Exhibit B—Statement of Income and Expense.

Respectfully submitted,

W. A. NOONAN,

City Auditor.

Report of Finance Committee

To His Honor, the Mayor, and City Council of the City of Berlin:
Gentlemen:

The Committee on Finance herewith submits its financial report for the fiscal year ending January 31, 1929.

The books, accounts and vouchers pertaining to all financial departments have been examined and carefully audited by the City Auditor, who reports that they are in excellent condition.

His computation of the receipts and expenditures shows cash on hand $185,569.97, with no outstanding bills, and a decrease in the Net City Debt during the fiscal year of $79,305.15.

Abatements of $12,388.15 of uncollected taxes for the years 1920, 1921, 1922 and 1923 have been made, and arrangements have been completed with the present Tax Collector for the collection of all back taxes due the City. We urge that this practice of making annual abatements and collections of these back taxes be relentlessly pursued until they disappear from the City's accounts.

We are negotiating with Mr. Everett, State Highway Commissioner, for the straightening out of the Cascade Road, so called, which, when completed, will eliminate the two crossings which are at the present time dangerous to traffic. It will also afford employment during a time when labor conditions are always at a low ebb.

The success of the past administration is due in part to the different departments of the City and the City Council cooperating in every way possible.

We recommend the following appropriations for the next fiscal year to defray the expenses of the various departments of the City.

Band concerts	$ 500.00
Board of Health	6,500.00
Bonds	65,000.00
Cemetery	700.00
City Hall	8,000.00
City poor	7,000.00
County tax	46,360.30
Election expenses	1,500.00
Fire Department	40,000.00

Forest fires	100.00
Grand Army	100.00
Hydrants	8,000.00
Interest	40,000.00
Lighting streets	17,500.00
Miscellaneous	5,000.00
Printing and Stationery	3,500.00
Police Department	40,000.00
Public Library	9,000.00
Public Works Department	130,000.00
Parks and Playgrounds	2,000.00
Public skating rink	600.00
Salaries	17,500.00
Schools	185,000.00
State tax	50,403.00
State Road, Cascade	10,000.00
Berlin Child Hygiene Association	300.00

EDWARD R. B. McGEE,
E. R. B. McGEE,
J. ARTHUR SULLIVAN,
BURTON J. RUMNEY,
Committee on Finance.

Auditor's Report

Honorable Mayor and City Council,
Berlin, New Hampshire.

Gentlemen:

I beg to submit herewith the Financial Statement of the City of Berlin for the year ended January 31, 1929, as a result of an examination of its books and records. The scope of this examination included the City Clerk, Clerk of the Municipal Court, Treasurer, Assessors and Tax Collector's accounts for the period under review. The following exhibits are appended:

Exhibit A Balance Sheet.
Exhibit B Statement of Cash Receipts and Disbursements.
Exhibit C Statement of Budget Control.

CITY CLERK'S ACCOUNT

Receipts for the Year Ended January 31, 1929

Auto Licenses	$ 22,944.55
Dog Licenses	1,133.00
Transfer Account	2,098.60
City Hall	278.02
Tax Sales	4,717.66
Public Works	4,868.56
Interest on Tax Sales	377.16
Cemetery	680.00
Fire Department	261.00
Miscellaneous	6.00
Election Expenses	69.00
Sundries	2.25
Total	$ 37,435.80

An examination of the City Clerk's books and records was made as to sources of all revenue received of whatever nature, and the cash received therefrom duly accounted for. The auto registrations, dog licenses, taxi, truck and theatre licenses were examined to prove the receipts from these sources and were found correct.

The total receipts from the City Clerk as above listed were paid to the Treasurer, all of which were duly accounted for by him and credited to the respective departmental accounts.

CLERK OF THE MUNICIPAL COURT

Total receipts for the year ended January 31, 1929	$ 12,289.19
Disbursements per vouchers	2,612.60
Net Revenue	$ 9,676.59

The Court Cash Book was examined and footed and checked against the criminal docket as to all receipts, the expenses checked against vouchers all of which were found in order. The net revenue as above listed was paid to Treasurer and duly accounted for by him and credited to the Police Department.

CITY TREASURER'S ACCOUNT

The Cash Receipts and Disbursements as shown in Exhibit B were examined in detail and all cash accounted for and traced to the bank. Disbursements compared with supporting vouchers as approved for payment and authorized by City Council. The Treasurer's Cash Book was footed and all postings to the General Ledger were proven. The balance of cash on hand January 31, 1929, as shown by the Treasurer's Cash Account was $185,569.97.

CASH $185,569.97

The above Cash Balance was examined and verified by reconciliation with the Berlin National Bank as follows:

Balance per Bank Statement January 31, 1929		$141,199.07
Less Outstanding Checks		8,490.05
		$132,709.02
To this should be added:		
Deposits of February 2, 1929	$ 338.33	
January Bank Interest, Credited Feb. 7, 1929	519.31	
Deposits on Feb. 9, 1929	52,003.31	52,860.95
Balance per Cash Account of City Treasurer		$185,569.97

The above deposits of February were verified with the Bank.

ASSESSORS

Total Taxes assessed per Tax Warrant $722,974.14

This amount has been committed to Tax Collector for collection.

TAX COLLECTOR'S ACCOUNT

Taxes 1920, U. Duval, Collector, Balance due City Jan. 31, 1928		222.25

Water Debt	670,000.00	$1,208,059.43

COMMENTS

While I appreciate the Mayor and Council may have in mind further liquidation of the back taxes, may I again refer to the subject pending final adjustment in this matter.

I would also suggest that favorable action be taken in the approval of the Accounting Records necessary for the Assessing Department which I recommended in my report a year ago.

In conclusion may I express my appreciation of the many courtesies extended during my engagement.

Very respectfully,
W. A. NOONAN,
City Auditor.
